

# Product Information

## O-Rings & Molded Rubber Parts

### O-Rings

**NAK O-Rings** are precision rubber seals available in all standard AS568, JIS B2401 P/G/S, and Metric sizes. We also offer a wide range of specialty and custom sizes. NAK O-Rings are made of various high-performance rubber compounds with excellent capabilities and used in various applications.

### Molded Rubber Parts

**NAK Molded Rubber & Rubber-Metal Parts** are made of high-performance rubber compounds with excellent capabilities through high-precision tooling, molding and processing. They can be molded specifically to the customer specification for use in different applications.

During installation, SQ-Ring would not be reversed easily, because  
large contact area. The anti-extrusion pressure of SQ-
